

<u>Genus</u>	<u>Series</u>	<u>Color</u>	<u>Source</u>	<u>Ratings</u>
Abutilon	Bella	Apricot	Pan American Seed	3
	Bella	Coral Deep	Pan American Seed	3
	Bella	Red	Pan American Seed	3
	Bella	Salmon	Pan American Seed	3
Summation:	Plants grew to 2' and flowered all season. Blooms were not so showy due to droopy peduncle.			
Ageratum	Neptune	Blue	Goldsmith Seeds	4.5
	Leilani	Blue	Goldsmith Seeds	5
	Hawaii	Shell Pink	Bodger	4.5
Summation:	All cultivars mass together well and tolerated abundant rainfall well. All required cutting-back once in mid-summer.			
Alyssum	Wonderland	Deep Purple	Bodger	0
	Wonderland	Lavender	Bodger	0
Summation:	Both performed well until July when they melted-out due to heat and humidity.			
Angelonia	Angelmist	Deep Plum	Ball FloraPlant	3
	Angelmist	Lavender Imp. (new)	Ball FloraPlant	3
	Angelmist	Lavender Pink (new)	Ball FloraPlant	3
	Angelmist	Light Pink (new)	Ball FloraPlant	3
	Angelmist	Purple Stripe	Ball FloraPlant	3
	Angelmist	White Imp. (new)	Ball FloraPlant	3
	Angelmist	Purple Imp	Ball FloraPlant	3
	Summation:	All of the Angelonia cultivars were mass planted in the garden in full sun. None were prolific bloomers and thus were not showy, impressive plants.		
Argyranthemum	Marguerite Daisy	Maggie (new)	Ball FloraPlant	3.5
Summation:	Short and compact with pale yellow bloom flowering all season long.			
Aster		Purple	Takii	3.5
		Red	Takii	3.5
		Rose	Takii	3.5
		Violet	Takii	3.5
		White	Takii	3.5
Summation:	All grew to 1.5' and bloomed prolifically through June. Once blooming was finished, plants died-out.			
Bacopa	Abunda	Lavender (new)	Ball FloraPlant	3

<u>Genus</u>	<u>Series</u>	<u>Color</u>	<u>Source</u>	<u>Ratings</u>
	Abunda	White (new)	Ball FloraPlant	3
Summation:	Plants massed together well in the landscape and produced a fair amount of flowers. Blooming was not impressive in a massed planting. Probably best used in container combinations.

	Kiss	Yellow	Goldsmith Seeds	2
	Kiss	Mixture	Goldsmith Seeds	2

Summation: All plants started out well in our garden with the cooler summer temperatures. However, as the season progresses and the heat as well, all cultivars go down hill. Plants end up melting-out with the heat having poor flowering and stunted growth and several plants in each cultivar died. For our region, gazania may be a better fall through spring annual. Evaluations need to be done in our region to test their winter hardiness.

Summation: All of our ivy geraniums were grown in 10" baskets. All series proved to be good performers with profuse blooming all season. Outstanding cultivars for flower color or pattern included: Sybil Holmes (dbl pink), Belladonna (dbl pink), Picasso (streaked pink), Barock (deep wine-red), Bolero (burgundy/white), Mandarin (red-orange), Ragtime (orange-pink), Mexicana (Red/white), Amethyst (dbl lavender), Blanche Roche (Pale pink/dark eye), Galleria Pink Punch (dbl pink), Galleria Snowfire (white with pink eye), Colorcade Burgundy Ice (burgundy.white streaked), Colorcade Dark Lavender (dbl purple), and Freestyle Dark Red (burgundy). The Cascade series continues to be one of our favorites for its fine texture and profuse blooming habit.

Summation: All of the New Guinea Impatiens were healthy and a good size when planted. All season they required a tremendous amount of water. Our evaluations over the years have proven that New Guinea Impatiens cannot tolerate all-day sun in our Tennessee region. The 2001 season with steady rains proved to be

<u>Genus</u>	<u>Series</u>	<u>Color</u>	<u>Source</u>	<u>Ratings</u>
--------------	---------------	--------------	---------------	----------------

the best growing conditions ever for our New Guinea trials. Our evaluation site received morning sun with filtered afternoon sun. All of the series and cultivars we evaluated were excellent performers. Most all were large uniform plants with many large flowers held above the foliage. Favorites included: Celebrette Light Coral, Harmony Salmon, Harmony Flame, Harmony Magenta, Sonic Cattleya, and Super Sonic Lavender.
